Product information

Color: black

The Acavallo Hexa Soft Micro Gel Pad, which is designed to be withers-free, is lined with soft, natural lambskin. Its special cut prevents compression of the withers, ensuring a high level of comfort. The memory gel pad absorbs shocks, prevents slipping, and still allows for close contact with the horse. For maximum comfort, this Acavallo pad features a lambskin border that not only looks great but also prevents chafing and pressure points.

One size fits all
