marstall
Premium-Pferdefutter

26,95CHF

incl. 2,6% VAT plus Shipping

Delivery **Mon 09. Nov - Tue 10. Nov 2026**

Product information

The Grain-Free Mineral Feed
marstall Force is a premium mineral feed with concentrated levels of minerals, vitamins, and trace elements. The extra-small pellets are very palatable, contain valuable brewer’s yeast, and are grain-free. Force provides leisure and sport horses with important minerals that are often missing from standard hay-and-grain rations.

marstall Force is a particularly high-quality mineral feed for all horses, regardless of age, breed, performance level, or area of use. Thanks to its wide Ca:P ratio, our Force is ideally suited for balancing pure hay-and-grain rations, but it can also be combined with other marstall feed varieties. marstall Force contains all essential minerals, vitamins, and trace elements such as selenium, copper, and zinc. marstall Force is grain-free and therefore suitable for all horses with grain intolerances or metabolic issues such as EMS or Cushing’s disease.
