Often copied—never equaled: The ROECK-GRIP WINTER from ROECKL SPORTS is the unmistakable original.

And you can really feel the difference. As is so often the case, it’s the details—and above all, the material—that make the difference. ROECK-GRIP® is an exclusive material. It’s extremely **breathable**, **elastic,** and **supple**. In short: **It fits like a second skin.** At the same time, it offers **exceptional grip**. For the winter model, ROECK-GRIP® has been laminated with a **warm**, **soft** Micro Bemberg lining. The lamination process bonds the lining to the entire surface of the outer material, preventing the two layers from slipping or twisting. This allows for a **sensitive grip** on the reins. The Munich-based company also places great emphasis on the quality of

craftsmanship: the individual parts are sewn together by hand with precision. Seam tolerances of no more than one millimeter are just one tangible measure of quality, because comfort cannot be measured. It’s the cuts and proportions that make the difference. Here, ROECKL excels with 180 years of experience in the art of glove-making. Practical: The ROECK-GRIP WINTER can be machine-washed at 30° Celsius.
