Currently out of stock.

A tennis ball with a twist—and so much better! The oval shape of this tennis-style “dumbbell” makes this dog toy bounce unpredictably—your dog will be amazed! The squeaker inside the ball adds an extra thrill.

Made of soft yet durable tennis-style material, the ball is easy to carry and protects teeth from excessive wear and gums from injury. The eye-catching neon color also makes the ball easy to spot if it ever gets lost in the bushes.
