Color:	black
Horse Size:	L

The new memory foam half-pad from Acavallo is here. It features an open spine channel and is made with a new outer fabric. The gel inserts prevent slipping under the saddle.

The new version is not only more aesthetically elegant but also more anatomically contoured, resulting in increased comfort. Nevertheless, the new version retains the essential features of the previous model. The memory foam padding absorbs shocks, prevents friction, and conforms perfectly to the horse’s back.

Size M for 16.5–17 inchesSize L for 17.5–18 inchesMachine washable at 30 degrees; do not spin-dry or tumble dry.
