Product information

Color:	black
Material:	Leather

Our Combi Chaps are made from a combination of genuine leather and synthetic leather. The synthetic leather is used on the outside of the chaps, making them very easy to care for and slightly less elastic than leather chaps. The genuine leather is on the inside and provides a secure grip directly against the saddle flaps. The stretch panel is located on the outer side of the calf. The zipper (which runs from bottom to top) features sturdy teeth and is secured at the top with a snap closure. A light, elegant dressage bow adds a chic touch! The Combi Chaps Fashion feature a glittery ribbon right on the side, which makes the rider’s leg appear slimmer and shimmers slightly depending on the light. For a subtle yet elegant ride!

- Glitter strip on the side
- Faux leather exterior and genuine leather interior
- Elastic foot strap
- Very easy to care for
- Stretch panel on the outer calf
