incl. 2,6% VAT plus Shipping

Currently out of stock.

Container Size: 1 kg

For pregnant and lactating mares and growing young horses

FREY HORSE DYNAMIC BREED is carefully formulated to meet the natural demands placed on a horse’s body during pregnancy, lactation, and growth. It optimally meets the mare’s nutritional needs without interfering with the foal’s natural nutrition. For young horses, it supports healthy growth, energy metabolism, and the development of muscle and nerve tissue.
