Color:	brown
Horse Size:	Full

Luxury girth with a soft leather bridge and soft padding for added comfort.

This girth is designed to keep the saddle stable while providing optimal freedom of movement for the shoulders. The girth can easily be converted from a 5-point to a 4-point attachment by removing the section between the front legs. Includes a removable elastic martingale. The girth can be attached to the saddle girth using the adjustable girth loop. Features cream-colored stitching.
