and international tournaments, recreational riders can now count on this glove as well. Crafted from the highly **breathable**, **elastic**, and **supple synthetic suede ROECK-GRIP®**, this elegant riding glove fits like a second skin. At the same time, the exclusive material offers exceptional grip and a sensitive feel on the reins. To ensure a precise fit, the Munich-based specialists use the traditional French glove sizing system—so every rider can find the perfect glove. Great attention is also paid to the quality of craftsmanship. The individual parts are meticulously hand-sewn together with a seam tolerance of no more than one millimeter. The result: noticeably greater comfort. The characteristic clasp—featuring a stylized hand and ROECKL lettering—also ensures a comfortable fit around the wrist. Practical: The ROECK-GRIP PRO is **machine washable** at 30° Celsius and is **TOUCHSCREEN COMPATIBLE**. **Back of the hand:** ROECK-GRIP®
