Currently out of stock.

Color:	brown
Saddle Strap Sizes:	130 cm

The "Dekor" long girth is made of soft leather with an inner foam layer. The wide breastplate ensures better pressure distribution. The long girth is cut narrowly at the sides, allowing for ample freedom of movement. The entire long girth features an additional nylon insert for dimensional stability and extra-thick cold-foam padding.

- Soft Leather Long Girth
- With a wide chest plate and extra-narrow sides
- With decorative elastic band
- Material: Soft leather with elastic band and internal foam padding
- Weight: 0.8 kg

Product information

- Color: black-black or brown-navy

The Soft Leather Decor Girth is an excellent girth for horses that are sensitive to pressure and require sufficient elbow freedom. The girth’s soft side edges help prevent pressure points and chafing.
