Often copied—never equaled: ROECKL’s ROECK-GRIP is the unmistakable original.

And you can really feel the difference. As is so often the case, it’s the details—and above all, the material—that make all the difference. **ROECK-GRIP®** is an exclusive material. It is extremely **breathable**, **elastic**, and **supple**. In short: It fits like a second skin. At the same time, it offers **exceptional grip** and **a sensitive feel** on the reins. To ensure a superior fit, ROECKL uses the classic French glove sizing system. With a size range from 6.0 to 11.0—that’s eleven sizes per color—every rider is sure to find the perfect glove. The Munich-based glove specialists also place great emphasis on the quality of craftsmanship: The individual parts are sewn together with precise handwork. Seam tolerances of no more than one millimeter are just one tangible quality criterion,
