Color:	red
Clothing Sizes:	L

The “Chemnitz” women’s hooded vest is made of water-repellent and windproof nylon—ideal for combining protection and style during everyday activities or breaks between competitions.
The center zipper and side zippers, color-coordinated with the garment, add character, while the Vestrum logo and lettering along the left side highlight the simple, elegant design. The Ecodown filling provides warmth and lightness. The model in the photo is 180 cm tall and is wearing a size S.
