Product information

Color: black

Our innovative Gravity hoof bell solves a long-standing problem by preventing the bell from rotating while riding. Gravity through and through. Thanks to the laws of nature, the durable and slightly weighted Kevlar strap rotates to the lowest point of the hoof bell and remains in that position even while in motion. Made of a flexible, heat-resistant plastic (EVA) with a carbon-fiber look, the hoof bell impresses with its light weight and high durability.

Hofglocke Size Chart:

- Height at the withers up to 155 cm: Size M
- Height 156–168 cm Size L
- Height 169 cm and up: Size XL

Also available in white!
