Product information

Filling:	0 g
Color:	black

- Increases blood circulation.
- Speeds up recovery.
- Improves muscle function.
- Uses ceramic fabric technology.

The WeatherBeeta Therapy-Tec Fleece Riding Blanket is designed to **cover** only the **horse's hindquarters** and end behind the saddle, so it does not interfere with the rider's leg. Features **ceramic-fabric technology** to reflect the horse's own body heat; a Velcro strap that attaches to the saddle girth straps, making it easy to remove the blanket at home or at a show.
