Rakes for Boll Collectors

Art.Nr.: WH-1577801 / manufacturer:

14,95CHF

incl. 8,1% VAT plus Shipping

Delivery **Mon 09. Nov - Tue 10. Nov 2026**

The newly developed rake is compatible with the XL Shaker boll collector or any other boll collector.

- It’s ideal for cleaning stalls, riding arenas, and indoor arenas
- as well as in the paddock to prevent mud patches
- and in horse trailers

Its special shape allows for easy and clean removal of manure, protecting the topsoil. The rake, made of durable plastic, features reinforced tines that significantly extend its service life. Thanks to its sturdiness, the rake is also well-suited for light gardening work.

- Made in Germany
- Dimensions: H: 85.0 cm
- Weight: 310 g
