Product information

ROECKL RIDING GLOVE ROECK-GRIP LITE The Roeck-Grip Lite is a sporty yet stylish and classically elegant riding glove that is particularly well-suited for summer. The palm is made of grippy ROECK-GRIP®, ensuring sensitivity to the reins and comfortable freedom of movement for the fingers. The back of the hand is made of lightweight, breathable, yet extremely durable Triactor II Mesh, which helps prevent excessive sweating in the glove—a major advantage on warmer days. Thanks to the use of premium materials, the glove fits like a second skin, is comfortable to wear, and offers the best possible fit. Another advantage is that the glove is touchscreen-compatible, so you can easily use your smartphone without taking the glove off.

- Back of the hand: 83% polyester, 17% polyurethane
- Palm: 100% polyamide
- Easy to care for
- Available in black and navy blue
