Color: black

Back to the Roots – "Rope" Drawstring Belt  The cord belt is making a comeback! With its simplicity, the cord belt offers many advantages.  The drawstring belt

- is barely noticeable thanks to its minimal use of material.
- adapts very well to the horse’s shape thanks to its construction with individual cords and stabilizing sections.
- reduces the buildup of dirt thanks to its snug fit.

For improved pressure distribution across the sternum, the cord girth can also be pulled through a belly plate. This can be purchased from us via email.  Color: black Material: polypropylene
