STÜBBEN FRONT STRAP PRO-JUMP

- 3-point mounting
- optimally combines functionality and design
- Easy attachment
- Various attachment options: a carabiner for attaching to a D-ring or a loop for hooking onto saddle girths with a carabiner or the Stübben Pro-Jump Safety System
- Customizable
- Adapted to the horse’s anatomy
- Maximum freedom of movement for the shoulders thanks to attachment to the saddle’s D-rings and elastic side panels

Product information

- Soft padding in high-stress areas reduces pressure and friction

Note: The package includes the Pro-Jump breast collar without a martingale fork; the martingale fork can be purchased separately.
