Product information

Color:	black
Features:	Waterproof
Season:	Winter

On cold, rainy days in the stable and while riding, the waterproof WAREGEM offers ideal and comfortable protection from the elements. This slim-fit riding glove fits like a second skin and features a PFC-free, **highly breathable,** and **elastic** VaporFlex laminate on the back of the hand. Its palm, made of **durable** DURADERO synthetic suede, has been extensively siliconized to provide a **non-slip** grip on the reins. It also features a **permanently waterproof** and **breathable** ROECK-TEX MEMBRANE, which protects your hands from getting cold in very inclement weather, and a **soft**, **quick-drying**, **climate-regulating** Easy-Dry lining for added warmth and comfort. Practical and functional: To prevent the layers of material on the palm from shifting while handling the reins, they have been meticulously bonded together. And thanks to the TOUCHSCREEN COMPATIBLE feature on the thumb and index finger, you can keep the gloves on while typing on your smartphone. The Velcro strap on the neoprene cuff secures the WAREGEM reliably to the wrist. Riders also don’t want to sacrifice a stylish look while enjoying their favorite pastime, which is why ROECKL has equipped this model with metallic accents on the back of the hand. **Back of the hand:** VaporFlex PFC-zero
Palm: DURADERO WR
Features: Easy-Dry lining, neoprene cuff with Velcro closure, ROECK-TEX MEMBRANE, SILICONE-GRIP, TOUCHSCREEN COMPATIBLE
Gender: Unisex
