The Big Square Mattgloss dressage saddle pad from Eskadron stands out for its sporty, elegant design and numerous functional features. It is made of polyester on the outside and features a Cool-Dry underside that feels comfortable against the horse’s skin. The mesh channel on the back ensures optimal air circulation. To securely fasten the saddle pad to the saddle and prevent slipping, it features various attachment options, such as the innovative Innostrap system at the front, a girth loop with three fastening options, and anti-slip silicone panels in the saddle area. The square quilting provides shock absorption, thereby protecting the horse’s back. Eye-catching details include the matte-gloss finish, a glossy stripe with metallic lettering, and a Lurex piping on a glossy border.
