Product information

Magnesium-SPORT

Art.Nr.: 512M1 / manufacturer:

39,85CHF

incl. 2,6% VAT plus Shipping

Delivery **Mon 09. Nov - Tue 10. Nov 2026**

Magnesium, lysine, vitamin E, and vitamin B12 have a positive effect on nervous and stressed horses! NO tryptophan!

Magnesium and vitamin E play an important role in equine nutrition. Magnesium is essential for muscle function, nerve transmission, and energy metabolism. A deficiency can lead to muscle cramps, nervousness, and a decline in performance. Vitamin E is a powerful antioxidant that protects cells from oxidative stress and supports the immune system. It also contributes to muscle and nerve health.

When combined, magnesium and vitamin E can improve muscle health and performance in horses. This supplement is particularly beneficial for sport horses and older animals to prevent muscle tension and promote overall well-being.
