Container Size: 1 kg

Arnica Gel 90% Officinalis is a gel specifically formulated for a horse's muscles, tendons, and joints.

Arnica Gel 90% PUR contains 90% pure mountain arnica extract, which is isolated using our patented system to produce mountain arnica hydrosol; this, in synergy with the glycol extracts and the mountain arnica mother tincture, unleashes its unique efficacy.

Thanks to the essential oils of peppermint, it has a refreshing and relaxing scent.

Super-concentrated, in the form of a soft, colorless gel that is absorbed very quickly by the skin.

Product information
