Color: blue

The moat is available in a variety of bright colors and pairs perfectly with the foam lanes.

Material:
The water pit is weather-resistant and made of very durable PVC. It can be stored outdoors, but sheltered storage is recommended. It retains its shape thanks to a solid foam core. The water pit lies flat on the ground, and the seams are welded.
Dimensions 1 x 3 m
The water trench is available in the colors shown in the photo. Please give us a quick call before placing your order to confirm whether the desired color is in stock.
