For People and Animals This high-quality calendula ointment protects and cares for sensitive corners of the mouth, chafed areas, abrasions, calluses, soft tissues, and pressure sores on the skin against external influences, thereby improving the animals' well-being. Vitamin E supports skin regeneration and helps regulate moisture balance. ZEDAN Calendula Ointment contains calendula flowers from certified organic cultivation, features a pleasantly fresh scent, and has proven itself excellently for both people and animals for many years. Free of synthetic colors and preservatives.
