A helmet packed with technology! To ensure the helmet meets the highest technological standards while also creating a lightweight, well-ventilated, and visually appealing helmet, we've combined various materials and manufacturing processes.

Ventilation ConceptThanks to the innovative ventilation concept featuring intelligent air channels and 17 ventilation openings, the helmet ensures optimal airflow and noticeably keeps the rider's head cool.

Zoom AirThe innovative Zoom Air adjustment system, integrated into the helmet, not only allows for a precise fit tailored to the rider's head but also ensures an optimal—and therefore secure—fit. The height adjustability and the opening for a ponytail are

Product information

additional advantages.

Straps Made of Organic LeatherA helmet that fits perfectly is essential for safety. For this reason, we place great importance on offering a variety of adjustment options. In addition to the adjustment system at the back, the chin straps can also be adjusted for length to ensure an optimal fit.

DesignA combination of different materials and details makes these helmets elegant eye-catchers

AirLuxe SUPREMEThe Supreme is a true head-turner yet harmoniously elegant. The tone-on-tone design of the inner and outer shells creates a harmonious overall look, enhanced by a high-quality textile covering on the top shell and complemented by glitter elements.

This model is available in black, midnight blue, and midnight blue rose gold, with both short and long visors. The helmet is available in size S (fits head sizes 53–56 cm), M (fits head sizes 55–58 cm), and L (fits head sizes 58–61 cm)*.*Midnight blue rosé gold is available
only in sizes S–M
