The LONA best-seller is a real eye-catcher: contrasting piping and the stylized little hand on the distinctive buckle. The exclusive ROECK-GRIP® material is extremely **breathable**, elastic, and **supple**. In short: it fits like a second skin. At the same time, it offers **exceptional grip** and **sensitivity** on the reins. The comfortable strap securely fastens the glove to the wrist. The Munich-based glove specialists also place great emphasis on fit and craftsmanship: the individual pieces are sewn together with precise handwork. Seam tolerances of no more than one millimeter are just one tangible measure of quality, because comfort cannot be measured. It's the cuts and proportions that make the difference. Here, ROECKL excels with 180 years of experience in the art of glove-making. Convenient: The LONA can be machine-washed at 30° Celsius. **Back of the hand:** ROECK-GRIP®
Palm: ROECK-GRIP®
