incl. 2,6% VAT plus Shipping

Currently out of stock.

Red Cell is a yucca-flavored vitamin, iron, and mineral supplement for horses. It provides horses with vitamins and minerals that are present in insufficient quantities in regular feed.

- A liquid feed supplement rich in vitamins, iron, and minerals.
- Efficient, reliable, and consistent for maximum performance.
- Very palatable thanks to yucca and easily digestible.
- It contains 300 mg of chelated iron per 28 grams.
- Recommended by veterinarians for problems with blood formation
