Product information

Material:	Plastic
Thick bridle:	16 mm

• Especially gentle on the mouth, made of soft, flexible
plastic• Can be used as a straight bar or as a bar with slight tongue relief•
Features a steel core for added stability•
Food-safe, solvent-free, contains no
plasticizers• Direct transmission of rein pressure to the tongue and lower jaw via a fixed side piece•
Remains stable in the horse’s mouth, gentle on the corners of the mouth, with additional lateral support

. The SPRENGER Duo bits are exceptionally gentle on the mouth. The mouthpiece is made of soft and flexible plastic that is food-safe, solvent-free, and contains no plasticizers. A steel core makes the mouthpiece particularly stable and secure. No guarantee against chewing damage."
