130,40CHF

incl. 8,1% VAT plus Shipping

Delivery **Sat 07. Nov - Mon 09. Nov 2026**

Material:	Metal
Thick bridle:	16 mm

The single-jointed version of the successful double-jointed Dynamic RS bits. The ergonomically shaped mouthpiece allows for quick and precise control of the tongue compared to conventional single-jointed bits. The pressure is distributed evenly across both sides of the tongue. Helpful for horses that are very active with their mouths, get distracted by the center piece of double-jointed bits, and therefore do not respond adequately to the signals from double-jointed bits.
