incl. 8,1% VAT plus Shipping

Delivery **Mon 09. Nov - Tue 10. Nov 2026**

Color: blue

A sporty, functional summer riding glove with first-class comfort: The MARBACH stands out both in the saddle and off the horse thanks to its exceptional comfort, achieved through the use of the elastic ROECK-GRIP® exclusive material. The advantage of ROECK-GRIP®: It is very thin and also extremely soft and supple, resulting in a comfortable feel and an excellent fit. The fact that the Velcro closure at the wrist has no noticeable seams is another plus in terms of comfort. At the same time, ROECK-GRIP® is breathable and moisture-wicking—a feature riders appreciate especially in high temperatures—and has been generously perforated on the back of the hand in the MARBACH model to allow air to circulate even better. Added to this is a lightweight, stretchy poly-Lycra insert with a prominent ROECKL print for even greater freedom of movement in the fingers. Grip and tactile sensitivity are also essential for precise riding. No problem for ROECK-GRIP®: It offers a fine, secure grip both inside and out, ensuring it won’t slip on the skin or the reins. The TOUCHSCREEN COMPATIBLE feature on all fingers rounds out this COMFORT-CUT riding glove.

Product information

Note: As with all riding gloves, wash the MARBACH regularly in the washing machine at 30 degrees to ensure functionality and durability are not compromised.
