Maintains airiness and provides ventilation

Rapide Down Detergent cleans down-filled items such as jackets and sleeping bags. It keeps the down fresh and soft, prevents clumping, and restores the natural oil layer. Down-filled items retain their lightness and breathability.

Instructions for use: Shake the bottle well; thoroughly remove any detergent residue from the washing machine. Add 50 ml of down detergent (for 1 garment) or 125 ml (for 1 sleeping bag) to the machine and select the 30°C delicate wash cycle. Always follow the washing instructions on the garment label. For hand washing, use 50 ml per approximately 25 l of water. Tip: Fasten one sleeve or leg to the other to prevent the “inside from turning out”; always close zippers or Velcro fasteners. Rinse an extra time to ensure all

detergent is completely rinsed out. Spin-dry until the fabric is damp enough to iron. If using a dryer, set it to the lowest temperature and add a tennis ball or similar object to ensure the down is distributed evenly. Then let it dry flat on a rotary clothes dryer, shaking it out regularly to distribute the down evenly.

Warning: Risk of serious eye damage. Keep out of reach of children. Avoid contact with eyes. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. If swallowed, do not induce vomiting; seek medical attention immediately and show the packaging or label to the doctor.
