Delivery **Mon 09. Nov - Tue 10. Nov 2026**

Material:	Plastic
Size of the bit:	11.5 cm
Thick bridle:	16 mm

A rigid, straight bar that distributes pressure evenly across the entire width of the tongue while simultaneously applying pressure to the lower jaws. Gentle on the lips and provides good lateral contact thanks to its olive-shaped head. Recommended for horses that resist the rider’s rein aids, for example, when approaching a jump.
