Curli Air-Mash is a lightweight, breathable harness for small and medium-sized dogs.
The Curli harness features a cooling effect, so when your dog jumps into the water in the summer, the vest keeps him cool a little longer.

- Step-in harness—quick and easy to put on
- Size-adjustable with a Velcro closure to fit your dog’s body shape
- Cross-stitched nylon straps for optimal tension distribution and protection against neck injuries
- Padded buckles to prevent pressure points
- Zigzag stitching for flexible force distribution
- Reflective elements on the neck; added safety in the dark
- Thanks to the DogFinder ID attached to the chest harness, you can find your dog if he ever gets lost.
