EVELYN
Bridle
Supple, durable, and classic—the “Everlyn” snaffle bit The Swedish-style “Everlyn” KavalSH4 snaffle bit is made of premium oiled leather and features an anatomically shaped, very softly padded headpiece with a deep ear cutout that relieves pressure on the nerve pathways and allows the ears greater freedom of movement. The soft padding on the noseband and browband also provides exceptional comfort for the horse. The leather tabs beneath the buckles, as well as the padded chin strap, also provide exceptional comfort for the horse. The throat strap is angled, ensuring it lies more smoothly and does not hang forward. The larger buckles and oval holes make fastening easier. The browband sparkles with large and small white rhinestones. The noseband is adjustable on

Product information

both sides. Includes narrow rubberized reins with barbs (16 mm).
KavalSH4 – Removable stop strap without a visible attachment
In snaffle bits with the KavalSH4 designation, the stop strap is removable. What makes this special is that the attachment for the stop strap is not visible, unlike on conventional bridles with a removable stop strap.
What is oiled leather?
Oiled leather is vegetable-tanned and retains its natural grain. It is treated with high-quality oils during the tanning process, making it very soft as well as water- and dirt-repellent. This ensures the leather remains supple, durable, and easy to care for over the long term.
