Five glittering stars for the TORONTO. This riding glove is designed with teenagers in mind in terms of color, design, and fit, and stands out with its fresh, bold look. It also scores top marks for comfort and fit. That's because ROECKL's exclusive COMFORT CUT features a particularly **comfortable cut** that eliminates the need for a separate index finger insert. The Digital Suede palm material is **extremely durable** yet **flexible**. Thanks to its grip, it ensures **precise rein control** and thus optimal coordination between horse and rider. On the back of the hand, the glove makers combine 2-way spandex and Lycra. A contrasting trim and a classic back-of-hand strap with the ROECKL logo round out the design. **Back of the hand:** 2-way spandex, Lycra full dull
Palm: Digital Suede
Features: COMFORT-CUT, strap with Velcro closure **Gender:** Unisex, Teens
