These riding gloves stand out thanks to their combination of the finest materials and their sporty, modern design with a strap closure. The back of the hand is made of exceptionally lightweight mesh and micro-mesh. The palm is made of Drytec G5 with Slip Stop trim. This not only ensures optimal grip and tactile sensitivity but also maximum comfort.
The ROECKL-exclusive COMFORT CUT is a particularly comfortable cut that eliminates the need for a trim on the index finger and gives this glove its outstanding fit.
