For intensive care of skin affected by mite and parasite infestations. Supports skin regeneration in cases of dandruff, hair loss, and chafing. Stops severe itching and prevents chafing and scratching. Hair loss caused by mite infestations is halted, and the fur begins to grow back after just a few days.

- Peru balsam is a natural resin extracted from the balsam tree in Peru. Peru balsam promotes skin regeneration, soothes irritation, and supports wound healing.
- Panthenol (provitamin B5) has moisturizing and soothing properties. It promotes skin regeneration, relieves skin irritation, and strengthens the hair.
