Product information

Silver Honey® – Gentle Wound Care Silver Honey® Rapid Wound Repair by Absorbine is the first product to combine the natural power of Manuka honey and MicroSilver™ BG. Its revolutionary formula moisturizes the treatment area during healing and has been proven to instantly stop 99.9% of bacteria. It also protects the skin’s natural microbiome, allowing the wound to heal quickly. Effective against cuts, abrasions, wounds, rashes, fungal infections, scratches, mud fever, irritated skin, and burns, among other conditions. Silver Honey® Spray Gel is designed to provide continuous coverage of the wound. Its touch-free application is ideal for treating large areas of skin.

- Silver Honey is pH-neutral, free of hypochlorous acid, and can be used on horses, dogs, and all animal species
- Made with natural, medicinal active ingredients
- 99.9% of bacteria are immediately eliminated
- Does not disrupt the skin’s natural microbiome
- Supports the body’s immune response, natural wound cleansing, and the growth of new, healthy tissue
- Bitter taste prevents licking
- Contents: 240 ml, bottle with spray nozzle
