For healthy cartilage, tendons, and joints

Product information

- supports the joints
- supports cartilage formation
- has anti-inflammatory effects

Product Description

For greater enjoyment of movement

EQX Joints is the natural supplement for your horse's joints, cartilage, and tendons—perfect for sport horses and older horses that need extra support. Whether it's osteoarthritis, joint inflammation, or age-related mobility issues, EQX Joints relieves inflammation and pain and promotes greater mobility.

Powerful ingredients for strong joints:

- Green-lipped mussel: Supplies the joints and cartilage with essential nutrients and promotes blood circulation.
- Stinging nettle: Provides valuable vitamins and minerals for the musculoskeletal system.
- Devil's claw: Helps with joint problems and protects joint cartilage.

Usage and Dosage:
One measuring spoon (approx. 10 g) per 100 kg of body weight
once daily. Simply mix into the food or feed directly. We recommend using this product for up to 6 weeks.

Ingredients

Composition:

Herbs (devil's claw, stinging nettle leaves, willow bark, meadowsweet, peppermint), corn germ, lacto-fermented corn flakes, carrots, beet pulp, diastatic malt, yellow flaxseed (finely cracked), cold-pressed oil blend (flaxseed, sunflower seeds, black cumin, grape seeds, canola), yeast products (rich in RNA and nucleotides), green-lipped mussel extract (20,000 mg/kg), dextrose, chicory inulin

Analytical Constituents:
Crude
protein (11.6%), crude ash (7.3%), crude fiber (12.6%), crude fat (12.0%), calcium (Ca) (1.0%), potassium (K) (1.3%), Magnesium (Mg) (0.1%), Sodium (Na) (0.1%), Phosphorus (P) (0.4%), Starch (12.0%), Sugar (2.2%)

Technological additives:

Clinoptilolite of sedimentary origin 1g568 (300 mg)

Notes

Not suitable for pregnant mares or foals under 6 months of age. Contains yeast products. Pellets, ideal for those with dust allergies. Made in Germany.

Anti-Doping and Medication Control Rules:

In accordance with the anti-doping and medication control rules of the German Equestrian Federation (DEV), this product has a recommended withdrawal period (from the last use of the product until competition) of 4 days. Devil's Claw is listed as a "controlled medication" by the FEI (Fédération Équestre Internationale).

Storage instructions: Do not store above 25°C. Use within 6 months after opening.
