Carr & Day & Martin Dreamcoat – Coat Shine Spray

The Coat Shine Spray from Carr & Day & Martin provides a high-quality finish for a horse's coat. The product creates an intense shine without leaving a greasy residue and is also suitable for use in the saddle area.

Product Features:

- High-gloss, non-greasy finish
- Silicone-free—safe for use even on the saddle area
- Non-slip formula to highlight muscle definition

Product information

- Even distribution thanks to a fine mist
- No residue after brushing out
- Suitable for the body, mane, and tail
- Available in 500 ml and 1000 ml containers

Directions for Use

Apply the spray as a fine mist evenly over the body, mane, and tail. After a short processing time, the product can be easily brushed out. For an intense high-gloss finish, apply to the mane and tail before braiding.

Composition and Special Features

The special formulation is free of silicone and oils, making the product safe to use even under the saddle. Its non-slip properties allow for safe use without the typical drawbacks of oil- or silicone-based shine sprays. The finish looks professional and highlights the horse’s natural musculature.

The Coat Shine Spray offers a practical solution for coat care and presents the coat in optimal shine—both for daily use and for special occasions.
