Zedan's leather soap is designed for thorough, deep cleaning and simultaneous conditioning of leather. Zedan Leather Soap cleans and conditions leather saddles, bridles, boots, shoes, and bags made of smooth leather in a single step. Ingredients

- Sunflower oil fatty acid
- Beeswax
- Stearin
- Water
- Borax
- caustic soda

Certified Natural Zedan’s leather care products bearing this seal are manufactured according to strict criteria for natural products. The independent institute Eco Controll verifies and certifies compliance with these criteria every year. This ensures that these products feature effective care formulations with ecological benefits, reflecting our commitment to animals, people, and our environment. The products are 100% free of silicones, mineral oil, microplastics, parabens, PEGs, GMOs, paraffins, petroleum jelly, and synthetic colors and fragrances.
