Color:	black, anthracite
Sizes of Riding Helmets:	55

The Star Lady Chrome, with its chrome-plated accents and ten color combinations, was designed for the most discerning riders. The outer shell is made of lightweight and durable ABS. It is covered with a special fabric that not only makes it waterproof but also protects it from scratches—and is easy to clean at the same time. The soft and comfortable eco-leather chin strap is hypoallergenic, which helps prevent skin irritation. The excellent fit and distinctive design make this helmet the preferred choice of discerning riders. The inner lining is made of 100% merino wool, a natural, antibacterial fiber that offers an exceptional level of breathability and thermoregulation. The inner shell is made of expanded polystyrene in three different density levels to ensure optimal impact protection while maintaining a lightweight design and high comfort. The intelligent ventilation system with two honeycomb-shaped grilles ensures ideal air circulation and thus additional comfort. Finally, the patented Fit System adjustment technology ensures a
