Product information

Organic Calendula Ointment, 250 ml

Art.Nr.: ARISA / manufacturer:

24,95CHF

incl. 8,1% VAT plus Shipping

Currently out of stock.

Thanks to FREY Organic Calendula Balm, with the nourishing properties of calendula, the skin is moisturized and visibly improved. The active ingredients in FREY Organic Calendula Ointment provide freshness and moisture. It is therefore particularly suitable for heavily stressed, dry, and chapped areas of skin.

The cold-pressed, organic poppy and sea buckthorn oils it contains promote active cell function thanks to their high-quality unsaturated and polyunsaturated fatty acids. Sea buckthorn oil is also known for its ability to neutralize free radicals. FREY BIO Calendula Ointment absorbs quickly and, thanks to the beeswax it contains, leaves a fine protective film, ensuring long-lasting smooth and supple skin. Suitable and recommended for daily skin care. FREY BIO Calendula Ointment is free of chemical preservatives, petroleum derivatives (mineral oils), emulsifiers, and synthetic fragrances.

Ingredients: Helianthus Annuus Seed Oil* (sunflower oil*), Cera Alba* (beeswax*), Alcohol* (ethanol*), Calendula Officinalis Extract*
