The first thing you notice about the ROECKL MANNHEIM Unisex Riding Glove is the back of the hand, made from high-quality Italian Lycra. The material not only impresses with its complex melange look but also ensures, thanks to its stretch and breathability, that the glove fits like a second skin and dries quickly. Speaking of fit: The well-thought-out slip-on design makes it easy to put on and take off. For a secure and reliable grip on the reins—and thus precise and subtle rein aids—ROECKL has incorporated a soft, non-slip PU material on the palm. All of this makes the MANNHEIM the perfect stylish casual riding glove, which really shines during summer use at the stable and while riding. And it also boasts a cool design thanks to a distinctive ROECKL logo extending from the color-contrasting ring finger onto the back of the hand. Another clever and stylish touch: the printed ROECKL hand logo on the thumb side of the glove serves as a visual aid, allowing you to check your reining fist—and thus your correct rein handling—at any time. Like all riding gloves, the MANNHEIM should be machine-washed regularly at 30 degrees to ensure that functionality and durability are not compromised. **Back of the hand:** Matte nylon, Fantasia Melange Lycra
