Product information

Color:	gray
Stuffing:	Knee Pad Grip
Season:	Winter

The JAIPUR riding breeches

are made from an innovative material called “Rider Stretch,” which is extremely flexible and adapts to the rider’s movements.
The inside of the knees features “Grip System” technology.
During production, eight layers of silicone are applied one after another to ensure better grip on the saddle.
They have a water-repellent finish and are suitable for all types of riding, both indoors and outdoors.
Lined with fleece, they’ll keep you warm all winter long.
The patterned details on the pockets and the Harcour logo beneath the right pocket set the HARCOUR TOUCH apart and make it a must-have.

Material:
66% polyester, 26% polyamide, 12% spandex
