Warming Cool-Down Blankets with a Luxurious Look
Elegant design, excellent sweat-wicking performance, and a warm 50g fiber filling—that’s the new, highly efficient sweat rug from Horseware for the cooler months. Particularly stylish details, such as the velvety quilted outer fabric, the contrasting trim, and the beautiful Horseware logo embroidery at the neckline, make this blanket a “must-have” for fall.

- Velvety-soft fleece material on the outside and inside
- Outer: stylish and functional quilted design
- Elegant Horseware embroidery
- Breathable and excellent moisture-wicking performance
- 50g fiber filling
- Double leg openings
- Single Velcro front closure
- Adjustable, removable cross-strap
- Washable tail strap

The blanket is made of 100% velvety-soft polyester fleece, both inside and out. The exterior features a functional and exceptionally elegant quilted pattern. This allows the blanket to instantly absorb moisture and wick it away. Additionally, the 50g fiber filling prevents the horse from cooling down too quickly, especially during cooler weather. Thanks to its form-fitting cut and the unique, Horseware-patented leg openings, the Horseware Autumn Cooler adapts perfectly to the horse’s body shape.
