Delivery **Mon 09. Nov - Tue 10. Nov 2026**

Thick bridle:	16 mm

The Baucher bit is known for its stable fit in the horse’s mouth. The lateral shanks ensure that the bit sits calmly and evenly, resulting in a constant connection between the rider’s hand and the horse. When the reins are taken up, the Baucher bit tilts and exerts pressure toward the corners of the mouth, which can lead to better alignment.

Advantages of the SWEET Copper Mouthpiece:

- Better acceptance
- Pleasant taste
- Stimulates salivation, which encourages eating
- The solid copper alloy (90% copper, 7% iron + aluminum, nickel-free) has high strength

Product information

- Your horse feels comfortable with SWEET Copper

Advantages of the BAUCHER bridle:

- The Baucher snaffle is ideal for dressage
- It offers the perfect transition from a water snaffle to a double-jointed bit
- Simultaneous, controlled pressure on the horse’s mouth and neck

Advantages of the double-jointed snaffle:

- No uncomfortable pressure on the palate
- Even and mouth-friendly distribution of rein pressure across the tongue and lower jaw
- Better acceptance
- No nutcracker effect
- Facilitates communication between horse and rider

Stübben Steeltec quality:

- No sharp edges that could injure the horse’s mouth
- Long-lasting durability thanks to carefully selected materials
- Special manufacturing techniques minimize wear on the bit’s hinge joints
