CRACKERS WITH MILLET AND FLAXSEED

These high-quality horse treats,
Crackers with Millet and Flaxseed, are made from nutritious grains and other natural ingredients in a small mill using traditional methods and baked to perfection. They contain absolutely no molasses, sugar, preservatives, or artificial flavors. That’s what makes them so tasty and healthy for your horse.

Health-Promoting Ingredients: Millet and Flaxseed
Millet promotes a beautiful coat, especially during the shedding season. Cracked flaxseed has a positive effect on the gastrointestinal tract thanks to its mucilage.
