• Especially gentle on the mouth, made of soft, flexible
plastic• Can be used as a straight bar or as a bar with slight tongue freedom•
Features a steel core for added stability•
Food-safe, solvent-free, contains no

Product information

plasticizers• Direct transmission of rein pressure to the tongue and lower jaw via a fixed side piece•
Remains stable in the horse’s mouth, gentle on the corners of the mouth, with additional lateral support

SPRENGER Duo bits are particularly gentle on the mouth. The mouthpiece is made of soft and flexible plastic that is food-safe, solvent-free, and contains no plasticizers. A steel core makes the mouthpiece particularly stable and secure. No guarantee against chewing damage."
