Product information

The "Winter's Finest" winter riding gloves by Haukeschmidt offer optimal grip and keep your hands warm even in the coldest temperatures. The back of the hand is made of soft, comfortable sheepskin, while the palm features Pittards Oiltack™ grip leather, which ensures excellent traction and durability. Thanks to the abrasion-resistant Oiltack™ leather, no additional reinforcement is needed between the ring finger and little finger, which enhances comfort. The highlight of this glove is the high-quality cashmere lining, which keeps hands warm even in extreme cold.
